To whom it may concern,

I am writing this letter on behalf of Tonya Kay Events. I have had the pleasure of hiring Tonya to coordinate the Day of our wedding. I originally had hired Tonya to do the alterations on my wedding dress. At this time is when I realized she also is a wedding planner. I honestly didn't think I needed a planner when I first was planning our wedding, our guest count was less than 20 people anyways. I figured I could do everything myself and it would turn out perfect no matter what. I had already picked our Venue and had done some of my own shopping to take care of my décor. I really thought I was set and that I didn't need any help. Tonya had offered her services yet I declined.

Our wedding venue was out of state near Zion National park in Utah and as time went on I realized I was not the slightest bit organized, nor did I know how to bring all the ideas I had together. I decided then that I needed to reach out to Tonya and see what she had to offer. Well to my surprise, Tonya had everything I needed! Not only that, she was able to bring all the ideas I had in my head and put them together to make a perfect wedding.

When it came to the day of our wedding I started my day out with having Tonya assure me that everything was going to be great. And it truly was. Tonya took care of the entire day. She set up everything for our ceremony, completed an entire schedule for us, set up all the décor, made sure our cake/cupcakes were perfect (she even picked them up for us which saved us so much time), and when the groom threw chocolate cake all over my dress, Tonya came running to the rescue to prevent damage. My day was truly beautiful, and not the slightest bit stressful. I have Tonya to thank for that. She really put me at ease and took care of everything so that I did not have to. I would recommend Tonya for wedding/event coordinating to anyone who is looking for a stress free and perfect wedding day.

Warm regards,
